

Maricopa County voters: ***Do you know*** that our County Hospital Healthcare System may be in jeopardy after the November election? The survival of our hospital, its clinics, its outstanding Burn Center, as well as its medical training programs, will depend on whom you elect to the Special Healthcare District Board.

I am Dr. Jonathan Weisbuch, I served as your County Health Officer for 8 years, and I know this county. I am currently seeking election to the County Healthcare Governing Board from District #5. I have committed myself to SAVING the Maricopa County Hospital and to protecting its Integrated Healthcare System from privatization, dissolution and decay.

My career in Medicine, Public Health, and Administration, convinces me that SAVING the Maricopa County hospital, its clinics, Burn Center, and other essential programs, including the training of our future doctors and nurses, is the best medicine for Maricopa County.

To learn more, please visit my website: **ElectWeisbuchMD.com**.
That's elect w.e.i.s.b.u.c.h. m.d.com.

I appreciate your vote on Nov. 6th; help me save our Hospital.

Thank You!
